# Subject Index

Canadian Journal of Animal Science, Volume 75, 1995

- Abdominal fat pad weight  
reproductive organ morphology of  
aged laying hens, 341
- Acetate  
arterial infusion of the mammary  
gland, 345
- Acid-base balance  
cation-anion balance in lambs, 145  
hydroxide supplementation of high-  
barley diets, 359  
whey permeate for sheep, 135
- Activity  
activity for estrus detection, 633  
level of, **670**
- Ad libitum  
ad libitum versus restricted feeding  
of barley and corn, 637
- Adipose tissue  
supplemental  $\beta$ -agonist for female  
rats, 79
- Adjuvant  
SRIF antibody production in calves,  
473
- Aerobic stability  
inoculants for barley silage, 425
- Age  
changes in cartilage composition  
with age, 433  
effect of IGF-1 on pituitary GH  
secretion, 57  
factors influencing muscle growth in  
BALB/c mice, 593  
hoof cracks in cattle, 25
- Alberta  
the Alberta dairy industry, 181
- Alfalfa, **656, 657**  
nutritive value of high moisture hay,  
15  
stem shearing force for three alfalfa  
cultivars, 177  
time of seeding and alfalfa bloat,  
271
- Alpha<sub>2</sub>-adrenoceptor  
thermic effect of feeding and alpha<sub>2</sub>-  
adrenoceptor, 537
- Amino acid  
amino acid retention by pigs, 445  
amino acids: escape and post-  
ruminal digestion, 583  
antibiotics affect digestion of  
nutrients, 379
- Ammoniation  
evaluation of canola hulls for  
ruminants, 231
- Analysis, **664**
- Angus cattle  
growth and GH kinetics in calves  
selected for gain, 63
- Arterial infusion  
arterial infusion of the mammary  
gland, 345
- Artificial insemination, **668**
- Ascorbic acid  
vitamin C in pigs, 275
- Aspergillus oryzae*  
direct-fed microbials for beef and  
dairy cattle, 405
- Astragalus cicer*  
cattle to disperse cicer milkvetch in  
pastures, 173
- Avoparcin  
antibiotics affect digestion of  
nutrients, 379
- Backfat  
feeding frequency and wet feeding  
for lactating sows, 461  
growth rate and backfat thickness in  
commercial pigs, 517
- Backfat depth  
meat quality of sows, 191
- Bacteria, **659**  
formic acid, buffering capacity and  
digestion in pigs, 615  
inoculated hay storage  
characteristics, 303  
oligosaccharides and digestion in  
weanling pigs, 99  
removal of particle-firmly  
associated bacteria, 481
- Bacteriocin, **659**
- BALB/c mice  
factors influencing muscle growth in  
BALB/c mice, 593
- Bale, large round, **649**  
nutritive value of high moisture hay,  
15
- Barley, **656**  
ad libitum versus restricted feeding  
of barley and corn, 637  
chemical composition of barley and  
wheat grain, 239  
degradability of barley cultivars,  
485  
inoculants for barley silage, 415
- Barley, hullless  
hullless barley for broiler chickens,  
489
- Barley silage, **648, 649**  
inoculants for barley silage, 425
- Beef cattle, **648, 650, 652, 667, 669**,  
direct-fed microbials for beef and  
dairy cattle, 405  
fibrolytic enzyme additives for  
cattle diets, 641  
growth of beef bulls on two energy  
planes, 469  
maxgrass-treated silage for steers,  
397  
responses of feedlot cattle to  
environmental enrichment, 631  
treated canola meal for beef calves,  
559
- Beef heifer, **653**
- Behaviour, **667**  
cattle use of microclimates, 501  
high-fiber diets and sow behaviour,  
531  
marketing entire male pigs, 45
- $\beta$ -agonist  
effects of protein and  $\beta$ -agonist on  
lambs, 219  
supplemental  $\beta$ -agonist for female  
rats, 79
- $\beta$ -endorphin  
hormones and stress in calves, 197
- $\beta$ -glucanase  
hullless barleys for broiler chickens,  
489
- Bloat  
time of feeding and alfalfa bloat,  
271
- Blood parameter  
deoxynivalenol and swine blood,  
297
- Body composition, **663**
- Body weight  
reproductive organ morphology of  
aged laying hens, 341
- Bone  
cartilage and bone trauma in pigs,  
259  
dietary Ca on plasma proteins and  
Ca flux, 439
- Bos taurus*  
cattle use of microclimates, 501
- Bovine, **646, 670**  
plasma progesterone determination  
by enzymeimmunoassay, 525

- zeranol and puberty, fertility and embryo mortality in heifers, 225
- Bovine follicle, **652**
- Bovine growth hormone, **658**
- Breast-muscle weight  
reproductive organ morphology of aged laying hens, 341
